

IIBA Certification Study Group Session 7

BABOK Chapter 8: Solution Evaluation

This is the seventh study session of 2017. The purpose of these sessions is to help BAs understand and achieve International Institute of Business Analysis™ (IIBA®) certifications. Monthly sessions will continue until November 2017. You do not have to have attended previous sessions to attend this one.

The sessions are based on *A Guide to the Business Analysis Body of Knowledge® (BABOK® Guide) version 3.*

Chapter 8 describes tasks that business analysts perform to assess the performance of and value delivered by a solution in use by the enterprise, and to recommend removal of barriers or constraints that prevent the full realization of the value. (*BABOK® Guide*)

This session will be facilitated by Priyanka Agrawal, CBAP®. Priyanka Agrawal is a Senior Consultant at CGI with over 12 years of work experience in the IT industry. Since finishing her Master's degree in Computer Science at the University of Victoria, Priyanka has become a CBAP® and is a trained Six Sigma Yellow Belt. Currently, Priyanka is a part of the Organizational Development Team at TransLink performing Change Management for their Business Technology Services department.

Materials

Participants must bring their own copy of the *BABOK® Guide* version 3, which is available online at no cost for IIBA members online ([IIBA Website](http://www.iiba.org)). Non-members can purchase a PDF, ePub or Kindle version at the [IIBA Website](http://www.iiba.org) or a printed copy on Amazon.

Pre-Requisites

To facilitate an effective study, we ask participants to read **Chapter 8** in advance and submit **5 questions** based on the concepts of the chapter to Development@vancouver.iiba.org by **July 7**.

Registration

Register for the event online at [IIBA Event List](#)
